

How to Find the 3 Step Hideaway

Basics

1. It's called "hideaway" for a reason.
2. Take some time before you arrive to look at where we are located and how to get here. ([Google Maps Link](#))
3. GPS auto-routing to our coordinates does NOT work. You need to follow the directions below or use tracks/routes to the coordinates.
4. There is no cell phone coverage in the immediate vicinity. Cell phone navigation will take you to a point where you will be lost and won't be able to call for help. You will know that you have reached that point when you see the large pack of well-fed coyotes and numerous abandoned motorcycles.
5. There are some good dirt roads/two tracks for the adventurous. If you're so inclined, a little preplanning will allow for a fun filled, bike friendly route. The directions below rely on all-weather roads.
6. If you're lost and hear banjo music, ride faster.

From Monticello, UT ([Google Maps Link](#))

From the intersection (only stoplight in town) of US191 & US491 (Main St. & Center St.), proceed east on US491 (Center St.) for 12.6 miles.

Turn north (left) on Summit Rd. and proceed for 15.9 miles. (Summit Rd. is mostly paved. There are some short dirt sections and numerous, shallow pot holes.)

Turn east (right) at the four-way intersection (on the only paved option, others are dirt) and proceed for 0.4 miles.

Bear left (north), follow the pavement and proceed for 2.9 miles.

Turn right (east) off pavement at the large dead tree and 3 Step sign, and proceed for 1.1 miles. (Please leave any gates as you find them.)
